

Silkolene[®]

CycleLubes

High quality, long lasting lubrication from a brand you can trust.

With over 30 years R&D expertise, FUCHS Silkolene is a **market leading** brand of motorcycle lubricants and associated cleaning and protection products.

A truly **global brand**, our products are used, approved and demanded by leading professional race teams including MotoGP, British Superbikes and World Superbikes.

Using the latest lubricant technologies we have developed a new range of **FUCHS SILKOLENE CYCLE LUBES** - our lubes offer riders **performance, quality** and **reliability** from a brand leader you can trust.

Specially formulated for specific riding conditions, SILKOLENE CYCLE LUBES provide superior, long lasting protection for all moving parts and drivetrain components ensuring smooth, low friction performance in extreme conditions.

Wet Lube

- Superior protection for extreme wet/muddy use.
- Protects & prolongs component life for long distance riding.
- Ideal for mountain bikes and extreme applications.

Dry Lube

- Fast drying formula.
- Leaves chain clean & protected.
- Ideal for road-race or dry use.
- Contains P.T.F.E.

EverydayLube

- 100% Biodegradable.
- Prolongs chain life.
- Ideal for general use on drivetrain, gear mechanics and shifters.

Silkolene®

Cycle

SPEED • SILENCE • SATISFACTION

High quality, long lasting lubrication from a brand you can trust.

Copper Paste

Superior high temperature anti-seize lubricant containing copper. Designed to control pitting, rusting, thread distortion & seizure due to corrosion and chemical attack. The product overcomes galling on assembly and reduces dismantling torque. Perfect for threaded connections, wheel nuts, etc. Prevents brake squeal: apply to calliper, pins & back of pad.

RG2 Grease

An advanced, high melting point, synthetic racing grease. Multi-functional, high-performance grease with exceptional heat resisting, corrosion inhibition and waterproofing properties. Ideal for rally and watercraft use. Available in 100g tubes and a 500g tub.

Suspension Fork Oils

High VI index formulation. Combined with low friction synthetic additives ensuring smooth and assured damping on all terrain. Grades can be mixed. 5WT, 7.5WT and 10WT available in 500ml.

Wash Off

A cost-effective spray-on, hose-off bike cleaner suitable for all road and off-road bikes. Available as a 1L Spray or 5L container.
