

# ECOCOOL 7081

## Water-Miscible Machining Fluid

### Dexter Axle (DexKo Global, Inc.)

|                      |                           |
|----------------------|---------------------------|
| <b>Applications:</b> | Turning, Milling, Tapping |
| <b>Substrate:</b>    | Cast Iron                 |
| <b>Parts:</b>        | Hubs and Fittings         |
| <b>Systems:</b>      | Stand-Alone Machine       |

#### Previous Issues:

Insert life  
Too many offsets  
Operator irritation  
Part quality  
Foam and misting

#### Benefits realized :

- 10% increase in insert life
- No operator irritation
- No foam or misting
- Lower residue on parts and machines
- Low/no odor
- Increased surface finish
- High level of technical support
